

November 19, 2023 Annual Report from the UMW Institutional Animal Care and Use Committee

Our committee met twice this year to review our program and to inspect our facilities. These meetings occurred on March 13, 2023 and September 27, 2023.

Present for the March meeting were: Parrish Waters, Emily Coleman, Deborah O'Dell, Paul Cymrot, and Tyler Frankel, and David Stahlman

Present for the September meeting were: Parrish Waters, Emily Coleman, Deborah O'Dell, and Paul Cymrot

both constituted a quorum.

We noticed no major issues with any of the facilities or our program of review.

Our committee reviewed 3 proposals this year. All were approved with minor revisions that were met by the author. Parrish Waters submitted all 3 proposals and worked with 3 students on projects involving mice. All students were trained for laboratory animal work during the semester.

R Parrish Waters, PhD
Chair, UMW IACUC
Associate Professor of Biology
